

At Mothers for Others, we love a reason to celebrate!

From new babies to those earliest birthdays, every milestone with your little one is a special time to get together with family and friends.

Sometimes you have everything you need, but still want to celebrate. Instead of asking your guests to come empty-handed, why not collect diapers and wipes for local families experiencing diaper need instead?

Below are some ideas for hosting a celebration that gives back!

Let us know! Tell us you are asking guests to donate to Mothers for Others for your special occasion by emailing info@mothersforothers.org. We can set up your personal virtual drive for guests who prefer to give online.

Set a goal! Babies need a lot of diapers, an estimated 10-12 diapers a day for a newborn. Set a goal to diaper a child in need for a month (300 diapers), three months (900 diapers), or a whole year (3,600).

Spread the word! Include our printable insert in your invitations to let your guests know that you are requesting diaper donations in lieu of gifts. Please contact us if you would like a different message for your insert and we can help create something just right for you.

Share your why! Tell guests why diaper need is important to you. An estimated one in three American families struggle to afford enough diapers for their child and diapers are not covered by any government program as a basic need for babies. Learn more at www.mothersforothers.org.

Take pictures! We would love to see pictures from your celebration and, with your permission, share them on our social media pages.

Thank you for considering supporting Mothers for Others on your special day!

In celebration of our new arrival,
please help us ensure all babies
have what they need to be clean,
dry and healthy.

In lieu of gifts, please bring diapers
to donate to Mothers for Others.
