ABOUT MOTHERS FOR OTHERS

Mothers for Others (MFO) is a non-profit diaper bank that provides essential diaper support to low-and limited-income families. It is the largest independent diaper bank in Fairfield County, CT and the only dedicated diaper bank serving the town of Greenwich. Over the past two years, MFO has experienced unprecedented growth. MFO has distributed almost 1 million diapers to families in need since becoming a diaper bank. Our mission is simple but vital: to keep babies healthy, clean, and dry — one diaper at a time.

WHY DIAPERS?

- Diapering one child costs families over $1,000 each year, a burden many cannot afford.
- No state or federal assistance programs cover diapers, not even WIC or SNAP.
- When families are forced to stretch their supply, children are at increased risk of diaper rash, infection, and other health concerns.
- Without diapers, children can't attend daycare or early childhood programs, making it nearly impossible for many parents to work or continue their education.
