

# HOW TO HOST A DIAPER DRIVE IN 3 EASY STEPS

## 1 Determine Where and When

Approach Schools, Churches & Synagogue, Businesses, Camps & Activities, almost anywhere works. Select dates, 1-2 weeks. Set up a clearly marked, eye catching collection bin with a sign, where there is high visibility. We are happy to provide a bin or ideas on making one.

## 2 Spread the Word

Use newsletters, bulletins, emails, flyers, social media, school bag inserts or any other way to reach the community. Ask your local radio and TV stations, newspapers and local publications to promote your drive, typically at no cost. Local businesses and community locations may hang your event flyers. MFO can provide lawn signs or a banner for your location. Email us to let us know when and where your drive will be held so we can help spread the word.

## 3 Wrap-Up

MFO is happy to pick up the diapers or they can be dropped off at Second Congregational Church on the second floor above The Pre-school, Tues. – Thurs. 10-12 pm. Please count the diapers to set a goal for next time! We welcome repeat drives at the same location or consider establishing a permanent collection bin. Also, please email us any pictures so we can add them to our web site. Thank you!
